Donny's Unauthorized Technical Guide to Harley-Davidson, 1936 to Present Nov 27 2019 Do you want to make your Harley-Davidson run faster? Author Donny Petersen, with more than forty years of experience working on and designing Harleys, shows you how to make anything from mild to wild enhancements to your bike. He progresses from inexpensive power increases to every level of increased torque and horsepower. With graphics, pictures, and charts, Donny's Unauthorized Technical Guide to Harley-Davidson, 1936 to Present offers the real deal in performing your Harley-Davidson Evolution and guides you on a sure-footed journey to a thorough H-D Evolution performance understanding. This volume examines the theory, design, and practical aspects of Evolution performance; provides insight into technical issues; and explains what works and what doesn't in performing the Evolution. He walks you through detailed procedures such as headwork, turbo-supercharging, nitrous, big-inch Harleys, and completing simple hop-up procedures like air breathers, exhausts, and ignition modifications. In easy-to-understand terms, Donny's Unauthorized Technical Guide to Harley-Davidson, 1936 to Present shares performance secrets and provides clear guidance into what works, what does not, and what's just okay with performing the Harley Evolution power train.

The Routledge International Handbook of Social Work Supervision Sep 25 2019 This handbook provides a comprehensive overview of social work supervision internationally and presents an analytical review of social work supervision theory, practice, and research. Presented in seven parts: International perspectives Supervision settings Roles, responsibilities, and relationships Models and approaches The interactional process Leading and managing supervision Emerging areas The book examines how supervision contributes to the well-being, development, and practice of social workers. It also sets the agenda for the future development of social work supervision internationally. Social work supervision is examined across countries, practice settings, and in terms of participants' roles, relationships, and responsibilities. Contributors show how and why social work supervision is integral to social work and the rich diversity of ways supervision can be practiced. Bringing together an international team of social work supervision scholars, researchers, supervisors, and practitioners, this handbook is essential reading for social workers, supervisors, managers, policy advisors, and professional leaders.
