[Fair Play](#) Aug 12 2021 AN INSTANT NEW YORK TIMES BESTSELLER A REESE'S BOOK CLUB PICK Tired, stressed, and in need of more help from your partner? Imagine running your household (and life!) in a new way... It started with the Sh*t I Do List. Tired of being the "shefault" parent responsible for all aspects of her busy household, Eve Rodsky counted up all the unpaid, invisible work she was doing for her family--and then sent that list to her husband, asking for things to change. His response was...underwhelming. Rodsky realized that simply identifying the issue of unequal labor on the home front wasn't enough: She needed a solution to this universal problem. Her sanity, identity, career, and marriage depended on it. The result is Fair Play: a time- and anxiety-saving system that offers couples a completely new way to divvy up domestic responsibilities. Rodsky interviewed more than five hundred men and women from all walks of life to figure out what the invisible work in a family actually entails and how to get it all done efficiently. With 4 easy-to-follow rules, 100 household tasks, and a series of conversation starters for you and your partner, Fair Play helps you prioritize what's important to your family and who should take the lead on every chore, from laundry to homework to dinner. "Winning" this game means rebalancing your home life, reigniting your relationship with your significant other, and reclaiming your Unicorn Space--the time to develop the skills and passions that keep you interested and interesting. Stop drowning in to-dos and lose some of that invisible workload that's pulling you down. Are you ready to try Fair Play? Let's deal you in.

[Non-Judicial Remedies and EU Administration](#) Oct 14 2021 The increasing number of executive tasks assigned to EU institutions and agencies has resulted in a greater demand for justice that can no longer be satisfied by the courts alone. This has led to the development of a wide range of administrative remedies that have become a central part of the EU administrative justice system. This book examines the important theoretical and practical issues raised by this phenomenon. The work focuses on five administrative remedies: internal review; administrative appeals to the Commission against decisions of executive and decentralised agencies; independent administrative review of decisions of decentralised agencies; complaints to the EU Ombudsman; and complaints to the EU Data Protection Supervisor. The research rests on the idea that there is a complex, and at times ambivalent, relationship between administrative remedies and the varying degrees of autonomy of EU institutions and bodies, offices and agencies. The work draws on legislation, internal rules of executive bodies, administrative practices and specific case law, data and statistics. This empirical approach helps to unveil the true dynamics present within these procedures and demonstrates that whilst administrative remedies may improve the relationship between individuals and the EU administration, their interplay with administrative autonomy might lead to a risk of fragmentation and incoherence in the EU administrative justice system.

[Fairness, Responsibility, and Welfare](#) Jan 05 2021 What is a fair distribution of resources and other goods when individuals are partly responsible for their achievements? This book develops a theory of fairness incorporating a concern for personal responsibility, opportunities and freedom. With a critical perspective, it makes accessible the recent developments in economics and philosophy that define social justice in terms of equal opportunities. It also proposes new perspectives and original ideas. The book separates mathematical sections from the rest of the text, so that the main concepts and ideas are easily accessible to non-technical readers. It is often thought that responsibility is a complex notion, but this monograph proposes a simple analytical framework that makes it possible to disentangle the different concepts of fairness that deal with neutralizing inequalities for which the individuals are not held responsible, rewarding their effort, respecting their choices, or staying neutral with respect to their responsibility sphere. It dwells on paradoxes and

impossibilities only as a way to highlight important ethical options and always proposes solutions and reasonable compromises among the conflicting values surrounding equality and responsibility. The theory is able to incorporate disincentive problems and is illustrated in the examination of applied policy issues such as: income redistribution when individuals may be held responsible for their choices of labor supply or education; social and private insurance when individuals may be held responsible for their risky lifestyle; second chance policies; the measurement of inequality of opportunities and social mobility.

Fair Lending Compliance Jul 31 2020 Praise for Fair Lending Compliance Intelligence and Implications for Credit Risk Management "Brilliant and informative. An in-depth look at innovative approaches to credit risk management written by industry practitioners. This publication will serve as an essential reference text for those who wish to make credit accessible to underserved consumers. It is comprehensive and clearly written." --The Honorable Rodney E. Hood "Abrahams and Zhang's timely treatise is a must-read for all those interested in the critical role of credit in the economy. They ably explore the intersection of credit access and credit risk, suggesting a hybrid approach of human judgment and computer models as the necessary path to balanced and fair lending. In an environment of rapidly changing consumer demographics, as well as regulatory reform initiatives, this book suggests new analytical models by which to provide credit to ensure compliance and to manage enterprise risk." --Frank A. Hirsch Jr., Nelson Mullins Riley & Scarborough LLP Financial Services Attorney and former general counsel for Centura Banks, Inc. "This book tackles head on the market failures that our current risk management systems need to address. Not only do Abrahams and Zhang adeptly articulate why we can and should improve our systems, they provide the analytic evidence, and the steps toward implementations. Fair Lending Compliance fills a much-needed gap in the field. If implemented systematically, this thought leadership will lead to improvements in fair lending practices for all Americans." --Alyssa Stewart Lee, Deputy Director, Urban Markets Initiative The Brookings Institution "[Fair Lending Compliance]...provides a unique blend of qualitative and quantitative guidance to two kinds of financial institutions: those that just need a little help in staying on the right side of complex fair housing regulations; and those that aspire to industry leadership in profitably and responsibly serving the unmet credit needs of diverse businesses and consumers in America's emerging domestic markets." --Michael A. Stegman, PhD, The John D. and Catherine T. MacArthur Foundation, Duncan MacRae '09 and Rebecca Kyle MacRae Professor of Public Policy Emeritus, University of North Carolina at Chapel Hill

Holocaust Restitution Mar 27 2020 "Bazyler and Alford have produced an essential tool for understanding the righteous struggle to win restitution for Holocaust victims and their heirs." --Richard Z. Chesnoff, author of *Pack of Thieves: How Hitler & Europe Plundered the Jews & Committed The Greatest Theft In History*"This excellent volume makes a significant contribution both to legal studies and to the history of the Holocaust. The editors deserve special praise for including chapters by Holocaust survivors, assuring that their often-forgotten voices are not lost within the great debate about Holocaust restitution."--Marilyn J. Harran, Stern Chair in Holocaust History, Chapman University"An invaluable text for students and scholars as well as a fascinating read for all those concerned with Holocaust and genocide issues in all disciplines and on behalf of all victims."--Israel W. Charny, President, International Association of Genocide Scholars "This unique collection is important in bringing together the perspectives of legal practitioners, activists, archivists and historians, negotiators, and survivors. It is remarkably comprehensive. . . . The editors have not shied away from controversy."--David Cesarani, Research Professor in History, Royal Holloway, University of London"If there is a 'final frontier' in understanding the Holocaust, it is the assessment of international litigation, compensation, and reparations claims. This extraordinary group of contributions thoughtfully reflects on the Holocaust, past and present, as well as what many would call 'imperfect justice.'"--Stephen Feinstein, Professor of History and Director, Center for Holocaust and Genocide Studies, University of Minnesota"This collection of essays on Holocaust restitution litigation provides a wonderful overview

A Legal Guide for Student Affairs Professionals Mar 19 2022 The student affairs market has experienced a great boom in the last decade. Based on the fourth edition of the indispensable guide to the laws that bear on the conduct of higher education, this updated student affairs edition provides a reference and guide for student affairs practitioners and graduate students in student affairs administration courses. This volume combines sections that are pertinent to student affairs practitioners, as well as the government regulatory and administrative issues found in the full Fourth Edition. It is thus the most comprehensive and easy-to-use

volume for student affairs officers and students.

International Investment Law Dec 04 2020 This fully revised and updated edition of International Investment Law remains a complete and concise guide to the law of international investment protection and continues to approach the subject with an easy-to-follow, broad and balanced text. New to this edition: - updates to include numerous new cases - completely reworked sections on standards of treatment - new Q&A section to capture practitioner views. Key Features: • balance of cases and explanatory comment familiarises students with reading opinions and enables them to grasp the core concepts at stake • concise - suitable for one-semester course for non-specialists or as a first text for students who will take further specialised courses in the area • excerpts from the most influential arbitration decisions outline differing interpretations and ensure students don't learn in a theoretical vacuum • questions throughout encourage readers to come to their own opinions.

The Resolution of Conflict Oct 22 2019 The basic question to which this book is addressed is not how to eliminate or prevent conflict but rather how to make it productive, or minimally, how to prevent it from being destructive. I shall not deal with situations of "pure" conflict in which inevitably one side loses what the other gains. My interest is in conflict where there is a mixture of cooperative and competitive interests, where a variety of outcomes is possible; mutual loss, gain for one and loss of the other, and mutual gain. Thus my query can be restated, as an investigation of the conditions under which the participants will evolve a cooperative relationship or a competitive relationship in a situation which permits either. -- from the introduction.

Universalising International Law May 29 2020 Universalising international law is one of the most urgent tasks awaiting those who wish to advance the discipline. Though all the world acknowledges its universal nature, it has long been confined in a largely monocultural mould. Indeed a tendency is sometimes discernible for international law to be compartmentalised and to function within a close cabinet of technical rules little known to those outside the ranks of specialists. This volume looks initially at some general aspects of universalisation. It thereafter adopts a universalist approach to some of the sources of international law and it deals with peace, the bedrock of international law, which likewise requires a universalist approach. It is hoped that these studies will highlight the imperative need that now exists for extending the conceptual framework of international law, thereby buttressing its moral authority and widening its appeal at a time when universal acceptance of international law is one of the most pressing demands of the international system.

Yearbook Commercial Arbitration Volume XXXIII - 2008 Jul 23 2022 The Yearbook Commercial Arbitration continues its longstanding commitment to serving as a primary resource for the international arbitration community with reporting on arbitral awards and court decisions applying the leading arbitration conventions, as well as arbitration legislation and rules. Volume XXXIII includes excerpts of arbitral awards made under the auspices of, inter alia, the International Chamber of Commerce (ICC); a biennial update of the Digest of Investment Treaty Decisions and Awards first published in 2006; notes on new and amended arbitration rules, including references to their online publication; notes on recent developments in arbitration law and practice in the Dubai International Financial Centre, Rwanda, Slovenia, Syria and Ukraine, as well as on the opinion of the Advocate General of the European Court of Justice in the West Tankers case; excerpts of 109 court decisions applying the 1958 New York Convention from 23 countries - including an update of Russian and Greek jurisprudence and, for the first time, decisions from Argentina, Belize, the British Virgin Islands, Chile and Peru - all indexed by subject matter and linked to the General Editor's published commentaries on the New York Convention; an extensive Bibliography of recent books and journals on arbitration. The Yearbook is edited by the International Council for Commercial Arbitration (ICCA), the world's leading organization representing practitioners and academics in the field, with the assistance of the Permanent Court of Arbitration, The Hague. It is an essential tool for lawyers, business people and scholars involved in the practice and study of international arbitration.

The International Court of Justice May 21 2022 Winner of the 2014 American Society of International Law Certificate of Merit for High Technical Craftsmanship and Utility to Practicing Lawyers and Scholars The International Court of Justice (in French, the Cour internationale de justice), also commonly known as the World Court or ICJ, is the oldest, most important and most famous judicial arm of the United Nations.

Established by the United Nations Charter in 1945 and based in the Peace Palace in the Hague, the primary function of the Court is to adjudicate in disputes brought before it by states, and to provide authoritative, influential advisory opinions on matters referred to it by various international organisations, agencies and the UN General Assembly. This new work, by a leading academic authority on international law who also appears as an advocate before the Court, examines the Statute of the Court, its procedures, conventions and practices, in a way that will provide invaluable assistance to all international lawyers. The book covers matters such as: the composition of the Court and elections, the office and role of ad hoc judges, the significance of the occasional use of smaller Chambers, jurisdiction, the law applied, preliminary objections, the range of contentious disputes which may be submitted to the Court, the status of advisory opinions, relationship to the Security Council, applications to intervene, the status of judgments and remedies. Referring to a wealth of primary and secondary sources, this work provides international lawyers with a readable, comprehensive and authoritative work of reference which will greatly enhance understanding and knowledge of the

ICJ. The book has been translated and lightly updated from the French original, R Kolb, La Cour internationale de Justice (Paris, Pedone, 2013), by Alan Perry, Solicitor of the Senior Courts of England and Wales.
