The Early Reader in Children's Literature and Culture Sep 21 2019 This is the first volume to consider the popular literary category of

Early Readers - books written and designed for children who are just beginning to read independently. It argues that Early Readers deserve more scholarly attention and careful thought because they are, for many younger readers, their first opportunity to engage with a work of literature on their own, to feel a sense of mastery over a text, and to experience pleasure from the act of reading independently. Using interdisciplinary approaches that draw upon and synthesize research being done in education, child psychology,

sociology, cultural studies, and children's literature, the volume visits Early Readers from a variety of angles: as teaching tools; as cultural artifacts that shape cultural and individual subjectivity; as mass produced products sold to a niche market of parents, educators, and young children; and as aesthetic objects, works of literature and art with specific conventions.

Examining the reasons such books are so popular with young readers, as well as the reasons that some adults challenge and censor them, the volume considers the ways Early Readers contribute to the construction of younger children as readers, thinkers, consumers, and as gendered, raced, classed subjects. It also addresses children's texts that have been translated and sold around the globe, examining them as part of an increasingly transnational children's media culture that may add to or supplant regional, ethnic, and national children's literatures and cultures. While this collection focuses mostly on

books written in English and often aimed at children living in the US, it is important to acknowledge that these Early Readers are a major US cultural export, influencing the reading habits and development of children across the globe.

The English Connection LR 7
Jan 18 2022 The English Connection, an integrated skills course, highlights the holistic approach to language teaching and learning. Maple Tree Level 7 Literature Reader Oct 23 2019

World Literature Reader Jun 11 2021 World Literature is an increasingly influential subject in literary studies, which has led to the re-framing of contemporary ideas of 'national literatures', language and translation. World Literature: A Reader brings together thirty essential readings which display the theoretical foundations of the subject, as well as showing its conceptual development over a two hundred year period. The book features: an illuminating introduction to the subject, with suggested reading paths to help readers navigate through the materials texts

exploring key themes such as globalization, cosmopolitanism, post/trans-nationalism, and translation and nationalism writings by major figures including J. W. Goethe, Karl Marx, Friedrich Engels, Longxi Zhao, David Damrosch, Gayatri Chakravorty Spivak, Pascale Casanova and Milan Kundera. The early explorations of the meaning of 'Weltliteratur' are introduced, while twenty-first century interpretations by leading scholars today show the latest critical developments in the field. The editors offer readers the ideal introduction to the theories and debates surrounding the impact of this crucial area on the modern literary landscape.
