**Betrayal Bond, Revised** Jan 28 2020 Some really great books just keep getting better! For seventeen years The Betrayal Bond has been the

primary source for therapists and patients wrestling the effects of emotional pain and harm caused by exploitation from someone they trusted. Divorce, litigation, incest and child abuse, domestic violence, kidnapping, professional exploitation and religious abuse are all areas of trauma bonding. These are situations and relationships of incredible intensity or importance lend themselves more easily to an exploitation of trust or power. In *The Betrayal Bond*, Dr. Carnes presents an in-depth study of these relationships; why they form, who is most susceptible, and how they become so powerful. Dr. Carnes also gives a clear explanation of the bond that compels people to tolerate the intolerable, and for the first time, maps out the brain connection that makes being with hurtful people comparable to 'a drug of choice.' Most importantly, Carnes provides practical steps to identify compulsive attachment patterns and ultimately to change or end them for good. This new edition includes: New science for understanding how our brains can make a prison of bad relationships New assessments and insights based on 50,000 research participants A new section utilizing the latest findings in attachment research and narrative therapy to concretely rewrite and rescript bad experiences A redefinition of the factors contributing to addictive relationships

*Phil's Favorite 500* Jul 22 2019 Phil Berardelli has been in love with movies ever since his first encounter as a little boy thrilled him and then scared the daylights out of him. In the intervening years, including a six-year stint as a TV movie critic, Phil has seen at least 5,000 titles. Here he has put together a list of his 500+ favorites, which he has separated into 50 categories. He has accompanied each one with informative, witty, and often insightful capsule comments along with bits of trivia, formatting descriptions and, where available, links to online trailers, clips and full-length versions. Newly updated for 2014 and containing 24 new titles -- plus a new section of recommended books -- Phil's Favorite 500 encompasses everything Phil has learned in over half a century of moviegoing. The list includes

something for everyone -- adults, couples, children, teens and families -- and covers some of the greatest movies ever made, both in the U.S. and elsewhere, as well as some of the cinema's most entertaining clunkers. Many of his choices -- and omissions -- may surprise you. But in all cases, Phil makes compelling arguments for sampling these titles. If you do sample them, you might just find yourself adding many of them to your own list of favorites. Sampled, browsed, or read from beginning to end, Phil's Favorite 500 reflects a love of the medium that is contagious, and his descriptions will help you view even the most familiar movies in a new and very entertaining way.
