Reviews for the Networking Adjuster's Playbook "Starting your career as an Independent Adjuster, the focus is on the technical aspects. Obviously, this is a crucial skill, but assignments need to come through the door to show those technical skills in action. Networking is the pipeline to getting those assignments. Sure we can find courses and books on business networking, but they don't necessarily correlate to the adjusting field. We can find resources for specifics of adjusting, but those lack the nuances of building and maintaining relationships within our adjusting network. "Networking Adjuster's Playbook" is THE resource that blends these two worlds. This book breaks down the "what" and the "how" of networking for an adjuster in an easy, step-by-step manual that is loaded with additional resources." - John Bachman #1 Claims Guy on YouTube "To say to all adjusters, new and seasoned, that Networking Adjusters Playbook is a must-read, is a gross understatement. The tips, tricks, and ideas contained within are spot on. If you are an independent adjuster and you don't follow the Playbook's advice you are going to leave money on the table." - David Milton CEO of Telaclaims "Success as an adjuster can be boiled down to "who you know", performance, and customer service. The Networking Adjuster's Playbook uses case studies, an actionable process, and time management tools to incorporate them under the umbrella of networking. At the end of the day, networking is about taking a contact (Warm or Cold) and following through until it is producing claims.and then MORE claims. The MORE claims is the secret sauce to success. Most adjusters think they are networking, but this book shows what to do, how to do it, and how to monitor progress to make sure we stay on track and we're seeing results." - Adam Painter host of the AdjusterShow
